Abstract

The study is a compilation of market trends, product launches and events from various sources in the residential air and water treatment systems space. The study focuses on the residential air and water treatment equipment market globally. For the purpose of this study we are considering three regions namely, North America, Europe and Asia. Based on the market definitions and scope this study provides a snapshot into evolution of the products and markets.

Table of Contents

1 | GLOBAL RESIDENTIAL ATS AND WTS MARKET SNAPSHOT

Executive Summary

1. Introduction to Global Air Treatment Systems (ATS) Market
2. Introduction to Global Water Treatment Systems (WTS) Market
3. Research Scope and Content

2 | NORTH AMERICA - RESIDENTIAL ATS AND WTS MARKET AND PRODUCT INSIGHT

Market Insight - Residential Air Treatment Systems

1. Market Scenario and Trends
2. Product Launches
3. News and Events

Market Insight - Residential Water Treatment Systems

1. Market Scenario and Trends
2. Product Launches
3. News and Events

3 | EUROPE - RESIDENTIAL ATS AND WTS MARKET AND PRODUCT INSIGHT

Market Insight - Residential Air Treatment Systems

1. Market Scenario and Trends
2. Product Launches
3. News and Events

Market Insight - Residential Water Treatment Systems

1. Market Scenario and Trends
2. Product Launches
3. News and Events

4 | ASIA - RESIDENTIAL ATS AND WTS MARKET AND PRODUCT INSIGHT

Market Insight - Residential Air Treatment Systems

1. Market Scenario and Trends
2. Product Launches
3. News and Events

Market Insight - Residential Water Treatment Systems

1. Market Scenario and Trends
2. Product Launches

3. News and Events

5 | ECONOMETRICS

Decision Support Database

1. Ashtma Prevalence
2. Number of Housing Units
3. Statewise Housing Units in United States
4. Number of Houshold in Southeast Asian Countries
5. Urbanization Rate in Southeast Asian Countries
6. Per Capita Water Consumption in Southeast Asian Countries
7. Average Water Prices in Southeast Asian Countries
